Dos Gold fun Daine Oign

Shmuel Yankev Imber
translator: Jean Barondess

The gold of your eyes
The silver of your voice,
With dazzling rays my vision blinded.

The faint breath of your stillness,
Your calm, profound and strong,
Have silently fettered my hands

Your timid trembling charm,
Your youth, how red, now pale
With tenderness have crushed my heart

So ardent is your love,
So ardent is your hate,
That they have sweetly drained my blood.
